• **De Amicitia**

Actividad

De Amicitia lo conformamos un equipo de abogados ecologistas para defender ante los Tribunales causas por agresiones al medio ambiente y asesorar en materia de abogacía ambiental. Este servicio, esta dirigido principalmente a organizaciones no gubernamentales (ONG´s) y otras entidades sin

ánimo de lucro, públicas o privadas y particulares, que deseen proteger el medio ambiente. Añadimos a nuestro trabajo como abogados acciones de voluntariado que complementan los procedimientos en que trabajamos, tales como campos de voluntariado, lo que permite sacar máximo rendimiento social, mediático y educativo a nuestro trabajo reivindicativo ante los Tribunales o ante las Administraciones. Apoyamos los casos jurídicos que llevamos con acciones directas de denuncia y restauración, esencialmente a través de campos de trabajo. Somos conscientes de que el mundo del derecho es insuficiente en muchas ocasiones para resolver un problema ambiental ilegal; por ello utilizamos los campos de trabajo y otras acciones como herramienta divulgadora y medida de presión. Igualmente organizamos mensualmente una salida para realizar una repoblación con planta autóctona por el Valle del Lozoya con la colaboración de otras ONG's. En De Amicitia preparamos cursos y seminarios, dirigidos a técnicos, estudiantes o socios de ONG's ambientalistas, esencialmente sobre materias relacionadas con el mundo del derecho ambiental conservacionista y sobre el voluntariado.

Actividades del voluntario

Proponemos estos perfiles:

- Un abogado ambientalista o experto en derecho comunitario sobre todo en derecho ambiental y/o derechos humanos
- Un experto en ecología o medio ambiente o biología para asistir como perito a nuestros abogados
- Un project manager o fund raiser sobre todo de fondos europeos.
- Un camplleader o monitor de jóvenes o niños
- Otros perfiles interesantes para nosotros: Un administrativo, un web master, relaciones con prensa o persona interesada en trabajos físicos (arreglos , mantenimiento del huerto, gestion de colmenas de abejas)
- Preferentemente: Carnet B1, inglés y español

Lugar

Gargantilla del Lozoya, a 84 km al norte de Madrid, España

MURCIA

• **Escuela oficial de idiomas**

Activities

To cooperate with the librarian and the teachers in the activities organised in the library and self-access computer classroom. To organise with the teachers activities, for students, connected with the press. This could give our students and the youngster the opportunity to exchange ideas in French and Spanish about recent news, cultural issues, social issues, etc.

Location

The Escuela Oficial de Idiomas is an institution devoted to the teaching of different languages. It is a state school and we have students of all ages: from 16 to 60 approximately. It is a big building with 27 classrooms and around 56 teachers. As well as the classrooms we have a library, a lab, the head and head of studies offices, the administration office and a cafeteria. Our city has 175.000 inhabitants approximately. It is an area of Spain which many northern citizens from Europe like "as their second home". There's a good choice of cultural events here: exhibitions, several museums, concerts, theatre, etc.

Notes

It would be ideal to have the youngster from January to the end of March or April. About the language skills, it is alright if he/she speaks French and a little Spanish just to get by.

- **Accem**

Actividad

Accem es una Ong que proporciona atención y acogida a refugiados e inmigrantes en España, promoviendo la inserción y la igualdad de derechos y deberes de todas las personas sea cual sea su origen, sexo, etnia, religión o grupo social. Trabajamos mediante programas y proyectos que responden a la necesidad de proporcionar atención, acogida, formación e inserción sociolaboral a refugiados e inmigrantes, con especial atención hacia los más vulnerables: menores no acompañados, mujeres y minorías étnicas. También se trabaja en programas que desarrollan labores que tienen mayor incidencia en otros sectores de la sociedad, como formación para profesionales, voluntariado o sensibilización social. Desde febrero de 1991, Accem está registrada como Asociación sin ánimo de Lucro, no obstante, la trayectoria y la experiencia se remonta hasta 1951, cuando se comenzó a trabajar atendiendo a los españoles que emigraban a otros países como Alemania, Francia o Bélgica. Con el tiempo España dejó de ser un país de tránsito para empezar a proporcionar refugio, este cambio en las circunstancias provocó que dirigiéramos nuestros esfuerzos hacia la atención y acogida de refugiados, solicitantes de asilo y desplazados.

Actividades del voluntario

The Society operates in small groups, called "Conferences", based on local parishes which meet regularly and their work is usually concentrated on local visiting. However over the years, the SVP has responded to social changes, providing a range of additional services depending on the prevailing need. Today, these "Special Works" include shops, resource centres, providing accommodation to vulnerable people and various holiday schemes amongst other things.

Rachel D Braddock

Activités

The Peoples Centre is dedicated to providing help and support to the Unemployed and to those living in poverty. One of the ways it does this is by providing education and training to enable people to find work. This is provided to local people but also to groups of young French unemployed people, through a partnership with an organisation in Paris called I.E.R.F.

(Institution Europeen de Recherche, et Formation) Some of these groups come to Liverpool for a 3 week period to improve their English and to learn about how to look for employment in the area. Some of these young people then return to Liverpool to undertake a work placement of 10 – 13 weeks, funded by a Leonardo Scholarship. The volunteer would provide assistance before, and during these visits, provided the visit of the volunteer could be appropriately timed.

However, if this proved impossible, the volunteer would be engaged in general office work and administrative assistance. These tasks would relate mainly to office maintenance and the work connected with researching, writing and setting up new courses, and would include:

CSV / BBC North-West

Digital Switchover CSV are working with the BBC in the North West to launch The 'Good Neighbour' campaign, a project that will make sure that vulnerable and isolated people in the North West are aware of Digital Switchover.

The general idea is to get community-minded people to come on board and help take out the message about Digital Switchover to the maximum number of people. We need volunteers to help by going out into their community and raising awareness and understanding of digital switch-over and the support that is available via the BBC Help Scheme, this will include vulnerable and isolated neighbours.

There are lots of voluntary roles available in the project, the first being a full time volunteer to work with us in Lancashire, Cheshire, Merseyside and Manchester. The full time volunteers will work with CSV and BBC staff to coordinate the project in the region, including recruiting and managing volunteer 'Community Champions' for the project. They will have good organisational skills, the ability to enthuse others, and passionate about helping vulnerable and isolated people through Digital Switch Over in the North West.

The 'Community Champions' will spread the word through outreach activity to encourage others to be a good neighbour and use take time to talk directly with anyone who they think may need support or advice. As a full time volunteer or 'Community Champion' they will be trained in the BBC Help Scheme, the basics of Digital Switchover and how best to get the message across to vulnerable people. We need the volunteers to work where they live as local knowledge is a key part of the project, we can pay travel expenses.
